Oral Health Therapist
provider no. 4490611W

Melinda Ryder
Dental Therapist
provider no. 4490611W

Raj Singh
Hygienist
provider no. 4490611W

Your new custom-fitted mouthguard will help to protect your teeth and reduce the risk of head injury!

Please follow the care instructions below to ensure your mouthguard lasts throughout your sporting season:

- After use rinse your mouthguard with cold tap water, then shake dry
- Store in the provided labelled box to keep safe
- Keep out of reach of pets!

Do not over-heat

- Never use hot water to clean or rinse your mouthguard
- Do not leave in a hot car

Very young mouthguard wearers may have changes to their mouth due to loose baby teeth, new adult teeth growing or movement from braces. Although we try to allow some space for these changes it may be necessary to have 2 mouthguards made in one year.

Inform us if the fit of your mouthguard changes or becomes loose.

If you are in a health fund you can claim a new mouth guard every calendar year. If you require a second mouthguard there will be a cost involved.

Wishing you happy sporting events! From your Complete Dental Team☺
